**DETAILED ACTION**

*Examiner's Amendment*

An examiner's amendment to the record appears below. Should the changes an/or additions be unacceptable to Applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rolf Fasth, Attorney, of FASTH LAW OFFICES, at 910-687-0001 on 19 June 2008 (see attached interview summary).

*Amendment*

The claims are amended as follows:

Claim 3, line 1, currently reads "according to claim 2" and  
is changed to -- according to claim 1 --

Claim 6, line 1, currently reads "according to claim 2" and  
is changed to -- according to claim 1 --

The title is amended as follows: -- VEHICLE MIRROR SYSTEM FOR PROVIDING VIEWS ALONG A SIDE AND A BLIND-SPOT OF A VEHICLE INCLUDING AT LEAST ONE PRISM AND TWO REAR-FACING, NON-PARALLEL FLAT MIRRORS --.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Fig. 1 will be changed to include the indicator "Prior Art." In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

***Allowable Subject Matter***

Claims 1, 3-12, 14, 15, and 17-20 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

With respect to claim 1, though the prior art discloses

A mirror system for a vehicle comprising: a viewing device located in a mirror housing mounted on the vehicle wherein a first section of the mirror housing contains a viewing surface an interior of the vehicle and a second section of the mirror housing optically open to an outside of the vehicle; said viewing surface formed by one or more substantially right angle triangular prisms having two sides of substantially equal length and two vertices of substantially equal angles; said one or more prisms mounted in the first section of the mirror housing so that one of the two sides of equal length of each of said one or more prisms is positioned in an opening facing the interior of the vehicle to provide the viewing surface; a second one of the sides of equal length is facing to an exterior of the vehicle; said second section of the mirror housing sized and shaped to contain operative optical elements comprising one or more reflective means mounted in the second section of the mirror housing at an angle to the second one of the sides of equal length of the one or more prisms in the first section of the mirror housing so that when the driver looks through the viewing surface of the one or more prisms the driver sees objects to the side of the vehicle in a first part of said viewing surface and objects to a rear of the vehicle in a second part of said viewing surface, wherein the reflective means mounted in the second section of the mirror housing has a first flat mirror positioned in the second section of the mirror housing in a manner to permit the driver to look through a first section of the viewing surface of the prism and see whether an object is in a blind spot area along the side of the vehicle and a second flat mirror mounted in the second section of the mirror housing in a manner to permit the driver to look through the second part of the viewing surface of one or more prisms and see to the rear and along the side of the vehicle, the first flat mirror being disposed at an angle relative to the second flat mirror so that the first flat mirror is non-parallel to the second flat mirror

the prior art of record fails to teach or suggest the aforementioned combination further comprising

the first flat mirror and the second flat mirror facing the rear of the vehicle.

With respect to claims 3-12, 14, 15, and 17-20, these claims depend on claim 1 and are allowable at least for the reasons stated *supra*.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
